EXPERIENCE

Bill has had many years' experience as CDM Co-ordinator and Planning Supervisor on many prestigious projects, including MIC Inc.'s Airbus processing plant on the British Aerospace site at Chester, the Jarvis Grand Hotel in Leicester, the Ricoh Arena in Coventry, development projects for Lafarge, Enviro-energy, Acordis, British Gypsum, YODEL, the Spectator plc in Westminster, Stoney Cove Diving Centre and also on many major international brand motor vehicle dealership new-build and refurbishment programmes.

He has worked as both CDM Co-ordinator and Project Health and Safety Advisor for new build and food production upgrade projects for the Samworth Group and Tulip Foods, a waste recycling /biodigester project for Farmgen plc, airside hangars, workshop and offices for Eurojet at Birmingham Airport, Ryanair at Stansted Airport, and Britannia Airways at Luton Airport, as well as new development and public amenity projects for Leicestershire County Council, Boston Mayflower Housing Association, Hoddesdon Borough Council and Warrington Borough Council.

In addition, Bill has worked as CDM Co-ordinator on many smaller projects, including schools, leisure care accommodation, retail, licensed trade, commercial offices, factories and housing projects.

He has also worked as Project Safety Advisor to the Principal Contractor for major projects including Manchester Royal Infirmary, Cheadle Royal and Wythenshawe Hospitals, the Haymarket Centre in Leicester, Plymouth Devonport Dockyard, the Olympic Village, Coventry Building Society, Royal Bank of Scotland Group and British Gypsum.

Bill has also worked as health and safety advisor on many high-profile projects including the London Underground, the Docklands Light Railway, the Triton Square Development projects, the American Ambassador's Residence and the Blackfriars Hotel in London, Seabank Power Station, Manchester Blood Centre, the HSBC building in Canary Warf and the Morgan Stanley Building.

Bill is also an experienced health and safety trainer, delivering a wide range of health and safety training courses for Arksafe, in health care, public services, construction and engineering, many of which are tailored to the client's specific requirements.
